Policy Recommendations

Taking into account the stage where the SOURCE project is at this moment and the challenges that the consortium faced so far, the policy recommendations that follow provide possible ways to enhance and bring the SOURCE project to the next level.

Level of digital skill	Description
Basic digital skills	Related to basic computer literacy that refers to simple hardware, software and online operations.
Specialized digital skills	Allow online instructors to critically evaluate technology or create content, software or they are specific job-ready skills.
Advanced skills	Related to specialists in ICT professions and digital entrepreneurship.

Table 4. Digital skills relevant for the online instructors

The SOURCE policy briefs

ReadLab Brussels (formerly CANDIDE International) developed the first edition of the SOURCE policy briefs. The first brief contains a strategic plan on the implementation of the policy brief, an overview of the project objectives, especially the policy-related ones, and provides policy recommendations on the following spheres:

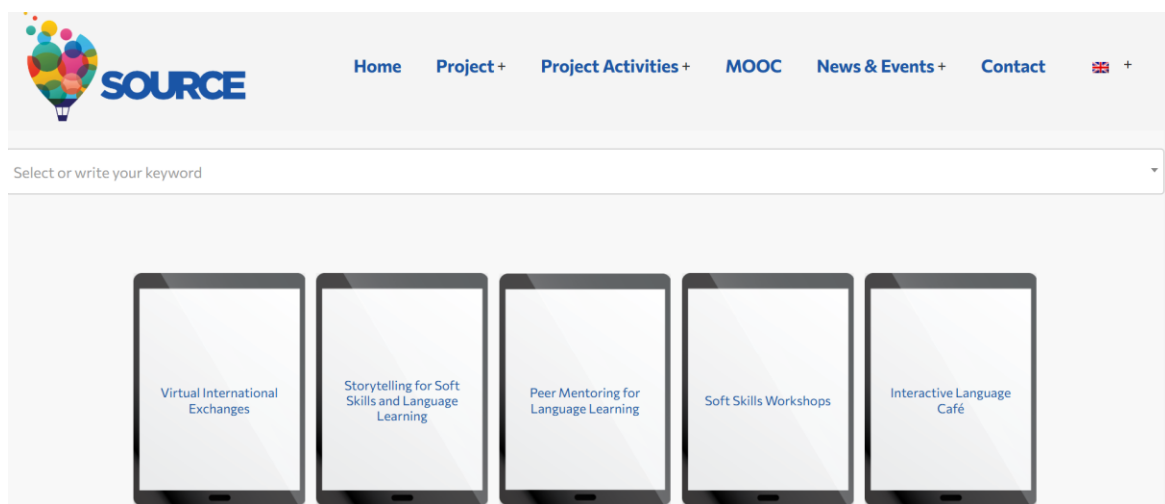

- Investment in Continuous Professional Development
- Technological Infrastructure Support
- Collaborative Initiatives
- Research

SOURCE

The SOURCE Consortium is also advancing in the development of the

The SOURCE Decision Support Tool

This tool represents **the logic behind the decisions and choices that every instructor faces** when designing an online course. In the future, we plan to make the tool also available in the languages of our partners (**IT, ES, SR, EL, PL, FR**) to further enhance its accessibility and usability.
